Monarch Monday

An Educational Day for Second Grade Students

Appleton Area School District

June 1, 2015

Student Learning Program:

1. A brief history about Butterflies.
2. Why are Butterflies important to me?
3. What is the difference between a Butterfly and a Moth?
4. What is the life cycle of the Monarch Butterfly?
5. What plants do Monarch Butterflies like?
6. How do I interact with Butterflies?
7. Why do we have so few Monarch Butterflies?
8. Why do Monarch Butterflies migrate?
9. How do I help protect the Monarch Butterfly from extinction?
10. View a live Monarch with discussion.

The Monarch Butterfly is the most recognized Butterfly. It is probably the most studied insect for second grade students.

Enjoy all Butterflies this summer! You are invited to the Butterfly Gardens of Wisconsin. We are located at N2550 State Hwy 47, two miles north of Appleton in the Town of Center. Please visit our web site at www.butterflygardensofwisconsin.com or email us at info@butterflygardensofwisconsin.com. We are open Wed-Sun. 10-3PM until early September, 2015.

Our program supports the Association for Butterflies, Inc. BEAD Project: Butterfly Education & Awareness Day.

One Free Child Admission Ticket

Butterfly Gardens of Wisconsin

This offer is not valid with other coupons/offers or copies. This ticket has no cash value.

Thanks,
Jack & Marty Voight, owners of Butterfly Gardens of Wisconsin.
